**PRINCE FRIMPONG KUMI**

1. **Create 6 multiple folders and make 2 of them parents.**
   Creating the two parent folders within directorate called prince.kumi

   a. Creating folder 1 (Wellspring)
   @ prince.kumi I do;
   mkdir Wellspring to create the folder
   cd wellspring – to go the wellspring folder
   @ wellspring I do
   mkdir Admin Finance Canteen Bookshop Transport Staff to create the 6 folders

   b. Creating folder 2 (Lavista)
   To create another parent folder I do;
   cd .. to return to prince.kumi
   @prince.kumi I do mkdir lavista
   I do cd lavista to enter the lavista folder
   I then do mkdir admin finance canteen bookshop transport staff to create the 6 folders within it

2. **How do you copy a folder with 100 files to another destination**

   At the directorate where you have both folder, that's the source folder and the target folder you do
   Cp -r finance staff
